Assistant Commissioner of Patents Washington, DC 20231

Sir:

Responsive to the Final Rejection dated November 10, 2005, kindly amend the application as follows:

IN THE CLAIMS

Claims 1 and 2 (Cancelled).

Claim 3 (Currently Amended) In a system having a multi-speed engine with an air inlet line connected to said engine, a Helmholtz resonator structure comprising:

a closed chamber configured as a single dead end side branch connected to said line and defining a Helmholtz resonator continuously operatively connected to said inlet line via an always open restricted connection;
